Sun Hill Properties Launches Website

Rising Southern California-based commercial property management unveils sunhillprop.com

LOS ANGELES — Sun Hill Properties Inc., a privately owned real estate investment, development and property management company, today announced the launch of their corporate website, www.sunhillprop.com. Building on the success of its flagship property, the Hilton Los Angeles / Universal City, the company has acquired three Marriott-branded hotels in the last 14 months and has two new-build full service hotels in advanced stages of development.

A Premiere Commercial Property Management Company

“Our recent acquisitions and new hotel management projects has precipitated the development and launching of our new website. We spent a lot of time and effort developing our new website with the goal of telling the Sun Hill Properties story,” said Mark Davis, President and CEO of Sun Hill Properties. “At Sun Hill Properties, not only do we deliver best in class operations across our portfolio and added value to our hotel owners, but also emphasis our strong core values like the importance of family, integrity, authenticity with our guests and team members.”

Davis, a veteran executive, leads an experienced and proven leadership team with an excellent long-term track record with hotel management companies. The Sun Hill Properties portfolio of hotels consistently outrank their competition in both guest satisfaction and economic return.

“We focus where it counts – and run an efficient and effective operation that produces results for the properties we manage,” said Davis.”

Sun Hill Properties Inc., headquartered in Universal City, CA, operates the Hilton Los Angeles / Universal City, Courtyard by Marriott Simi Valley, TownePlace Suites Colorado Springs and TownePlace Suites Denver Southwest (Littleton).
